NO. 7.

Reminiscence of a County Citizen. (Continued From last Week.)

Presently we could see the Gray Coats coming in a high run. Eight passed through the school grounds. One horse had been shot in the ankle. Capt. W. D. Gay was in the gang. After they passed us, on came the Yankees, but like the song "they never gotched up" from the fact that those eight Confederates were mounted on the best horses that Kentucky could produce. We learned afterwards that the run lasted to the foot of McKnob mountain where the Yankees lost all trail. Many gangs of soldiers of both sides would pass through the school grounds. One side always inquiring for the other, and from the appearance of some, they were glad that one did not find 'tother.

Our school closed, as three months was the length of a term in those days. My big brother J. came after me, riding the sorrel "scrutter." This was the middle of October, '63.

After I had been back home a week or so, my cousin R. came to see me. Of course I must tell him what all I had seen and learned and the many hair breadths escapes I had undergone. We lay awake that night until the clock on the mantle tolled out 2.

The watch dog began to bark as never before. We could hear the clatter of many horses' hoofs, then some one called out, "Hello!" My father dressed himself and went to the yard gate. It was nine white

men and one negro, part of Morgan's Cavalry that had got cut off at Cynthiana. They informed my father that they must have some food for their horses and something for themselves to eat. My father called my two brothers, myself and cousin to get up and take their ten horses to the new ground field and feed and tie up each to a sapling. I well remember the remark my cousin made as he mounted into the saddle of Capt. Bedford. He said, "I have heard of horses being 16 hands high but this one is 16 feet high. Well they were a good lot of horses.

Eight of the men lay down on their blankets on the grass about 200 yards from the house on a knoll; the other two, Lee and Murphy, staid in the house.

At breakfast these men seemed greatly refreshed. After they had eaten they asked permission to remain until 12 that day and get dinner. My father urged them to go on as he said the Yankees would be on their trail. Finally they said they would stay anyway.

A Valentine.

"Tis Valentine's Day,
O, my lady gay;
Bright are the skies above,
An ecstasy rare
Is everywhere;
All the world is in love.

The little birds free
By hill-top and sea
Have tasted joy's own pure wine.
For them love awaits—
They have chosen their mates,
And I have chosen mine.

"Tis Valentine's Day,
O, my lady gay;
Bright are the skies and blue,
O smile on me, sweet!
I fall at your feet,
For I have chosen you.

L. & E. Road Improvement.

The directors of the Lexington and Eastern railway have decided to relay their entire system with 85 pound steel rails. Recently they contracted with the Carnegie Steel Company for 1,000 tons of these rails which will be delivered to them about the first of June, when work of relaying the track will begin at Indian Fields and Torrent and will proceed in opposite directions until the 96 miles of road has been relayed.

The size of the rails now used by the road are the 60 pound rails, but the heavy traffic that the road has been having for a number of years necessitates the improvements that have been decided on.—Lexington Democrat.

Several from this place attended the Fitzsimmons boxing contest at Lexington last night.

A Bill to Tax Bachelors and Spinsters.

Kansas comes to the front with a freak bill, introduced in the House at Topeka by Representative Campbell, to tax all bachelors \$50 a year and all able-bodied spinsters between the ages of thirty-five and fifty, who have no families to support, \$25 a year, the taxes to go to the school fund. A clause in the bill forfeits to the schoolfund the salaries of unmarried state officers. This provision is grossly aimed at Governor Bailey and Lieutenant Governor Hanna, bachelors, to whom several thousand strange women have lately proposed.

New Century Comfort.

Millions are daily finding a world of comfort in Bucklin's Arnica Salve. It kills pain from Burns, Seals, Cuts, Bruises; conquers Ulcers, and Fever Sores; cures Eruptions, Salt Rheum, Boils and Feces; removes Corns and Warts. Best Pile cure on earth. Only 25¢ at Swann-Day Lbr. Co.'s store.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little bodily. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

AN ALL HOME-MADE PAPER.

THURSDAY, - FEBRUARY 12, 1903.

LOCAL BREVITIES.

Saturday is St. Valentine day.

Wm. Mountz, Jr., was in Irvin the last of the week on business.

I. N. Osborne, of Pilot View, was here Monday looking for a pair of horses or mules.

Several oil men have been here the past week investigating the merits of the Hardwick's field.

Bill Collins, of Cook's Branch, Montgomery county, is the guest of his brother, Henry Collins, now attending school here.

The small-pox situation at Campion has improved slightly the last few days. Only four new cases have broken out the past week.

We received a newsy letter from Virden yesterday evening while the first half of the paper was being printed. Too late for this issue.

John Runnels died at the home of his uncle, John P. Curtis, on Snow Creek Tuesday night of brain trouble. He was sick but a few days.

John Chaffin has bought all the lots lying between the Christian Church and the cut off from J. B. Eaton and is building a handsome residence on same.

Earnest Barnes has located at Pine Grove, Fayette county, whether he orders the TIMES sent that he may keep a pace with the times in old Powell and Estill counties.

John W. Barnett will leave today with a mixed car of household goods and stock for Butler, Missouri where he will emigrate. His family and Mr. T. J. Wright and family will follow on Saturday.

Dr. Littlepage has received a letter from the president of the telephone company to which the franchise for a system in Clay City really belongs, and he says the exchange will be sure enough built in the spring.

Gov. Beckham seems to be a favorite with the Democratic newspapers in this part of the State. We can't see why this should be so. There are other candidates that are just as acceptable to us, and, in fact, preferable.

Mr. Wildy Hiley, who has been visiting relatives in this county some weeks, returned to his home at Carlock, Ill., Monday. He was accompanied by his nephew, John Gravett and Misses Mary Gravett, and Sallie Barnett.

Pastor J. T. Turpin will be at his regular appointments at Powell's Valley Saturday and Sunday at the appointed hours. Bro. Turpin has not been able to attend the two past meetings owing to his confinement with rheumatism.

Joe Bruner, formerly town marshal of Clay City, but now a deputy sheriff of Fayette county, was selected to guard a load of coal from Lexington to Indianapolis. Though several attempts were made at different places to confiscate the coal, Mr.

Bruner succeeded in carrying his train intact to its destination.

Cut this out and take it to any dealer in patent medicine and get a free sample Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate stomach, improve the appetite and regulate the bowels. Regular size, 25c. per box.

Mrs. Mahalia Curtis left yesterday morning for Winchester where she will visit relatives until Saturday when she will join her brother John W. Barnett's family and accompany them to Missouri, and stay there with them a short while before going on to her home at Springfield, Colo.

A Liberal Offer.

The undersigned will give a free sample of Chamberlain's Stomach and Liver Tablets to any one wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. Any dealer in patent medicine.

Mr. and Mrs. N. R. Swope left Friday morning for Fostoria, Ohio, where they will visit relatives of the former for a few days and go on to Lamonte, Putnam county, Missouri and visit other relatives in that state. Mr. Weeden Ewen, father of Mrs. Swope, who went from this country to Missouri several years ago, will have a sale in about sixty days and move to Indiana. Mr. Swope owns some real estate there which he intends to dispose of before returning to Kentucky.

Planting Shade Trees.

John W. Henry, our expert photographer, has had several nice shade trees set out along the street on his lots. This is an example that should be followed by other property owners of our town. Nothing is more beautifying to property—in the summer time at least—than nice thrifty shade trees, and now is an excellent time to transplant them. Trees should never be set out, however when the ground is very wet.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results after a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence.

Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all dealers in patent medicine.

An earthquake shock was felt at Louisville and in the western part of the State Sunday night.

A Mother's Recommendation.

I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy. —Mrs. J. A. Moore, North Star, Mich. For sale by all dealers in patent medicine.

Died.

Miss Cora Crow, oldest daughter of Mr. and Mrs. Albert Crow died at her parents home on Little Creek Tuesday, Feb. 3rd, of fever, aged 19 years. Burial Thursday at the Christian church at Vaughn's Mill.

Miss Cora was a very modest and kindly disposed young lady, and will be greatly missed by her young friends, of whom they are legion.

Buy It Now.

Do not wait until you or some of your family are sick nigh unto death, and then send for Chamberlain's Colic, Cholera and Diarrhoea Remedy, but buy it now and be prepared for an emergency. It is the one remedy that can always be depended upon in the most severe and dangerous cases. For sale by all dealers in patent medicine.

Milton Hamilton, aged eighty-four and one of the wealthiest men in Scott county, was found dead on the pavement at Georgetown. It is supposed that he fell from a second story window and was killed.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and unequalled as a quick healing liniment for cuts, bruises and burns. For sale by all dealers in patent medicine.

"Uncle" Asa Holman Dead.

"Uncle" Asa Holman died at the home of his daughter, Mrs. H. G. Burgher, in this town early yesterday morning of infirmities due to old age, aged 90 years. Burial today at Mt. Canaan, near Furnace by the side of his wife who has been dead a number of years.

Deceased leaves five children, James Holman, of Bowen, Alfred Holman, of Hardwick's Creek, John Holman, now in North Carolina, and Mrs. H. G. Burgher, of this place and Mrs. Press Noland, of Knowlton, this county.

Mr. Holman requested that his two sons, James and Alfred, make his coffin, and make it as near like his wife's as possible, and he also requested that it be interred in a grave as closely dug to his wife's as possible and that his coffin be made touch his wife's. His request will be carried out in full.

If Congress would become mad enough at the Standard Oil Company to repeal the favors it gets from the tariff, instead of falsely asserting that it gets none, it would accomplish a very good work. There is reason to think that the workmen need the money worse than does Mr. Rockefeller.—Courier Journal.

Tallest Man in Kentucky.

Mr. Thomas E. Walton, of Winchester, a widower aged 48 years is accredited as being the tallest man in Kentucky. He is six feet and eight inches above the floor in his bare feet, is slender built and weighs 168 pounds.

It may be interesting to some of the fair ones to know that Mr. Walton would marry again, and the assurance is added that he would make a truly devoted and honorable husband.

Mr. Walton is a cousin of the Hon. W. P. Walton, the well-known and talented editor of the Lexington Democrat.

Emigrants Go to Indian Territory

Sixty-five emigrants from Montgomery and Wolfe counties left last week for Indian Territory. They were descendants of John Harper, the famous Choctaw Indian Chief, and they have gone to settle on the lands they claim through their ancestor. They lay claim to one-fifth of 10,000,000 acres of land, and which is said to have been favorably considered by the Dawes Commission.

John Harper, whose connection with the Choctaw Nation is now a matter of history, left the reservation for Mississippi, later settling in Wolfe county.

These descendants represent three generations, and if their claim is allowed they will colonize the country between themselves and other heirs in Mississippi who are to join the continent at their destination.

This appropriation is also under consideration in several other counties, but has been formally presented in only these two.

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and had every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

Wine of Cardui is a regulator of the menstrual functions and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth and in change of life. It frequently brings a dear baby to homes that have been barren for years. All druggists have \$1.00 bottles of Wine of Cardui.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment. About five years ago my right ear began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for earstrum, for three months, without any success, consulted a number of physicians, and were the most eminent ear specialists of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain

Very truly yours,

F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost.
